

Klin Zha Board

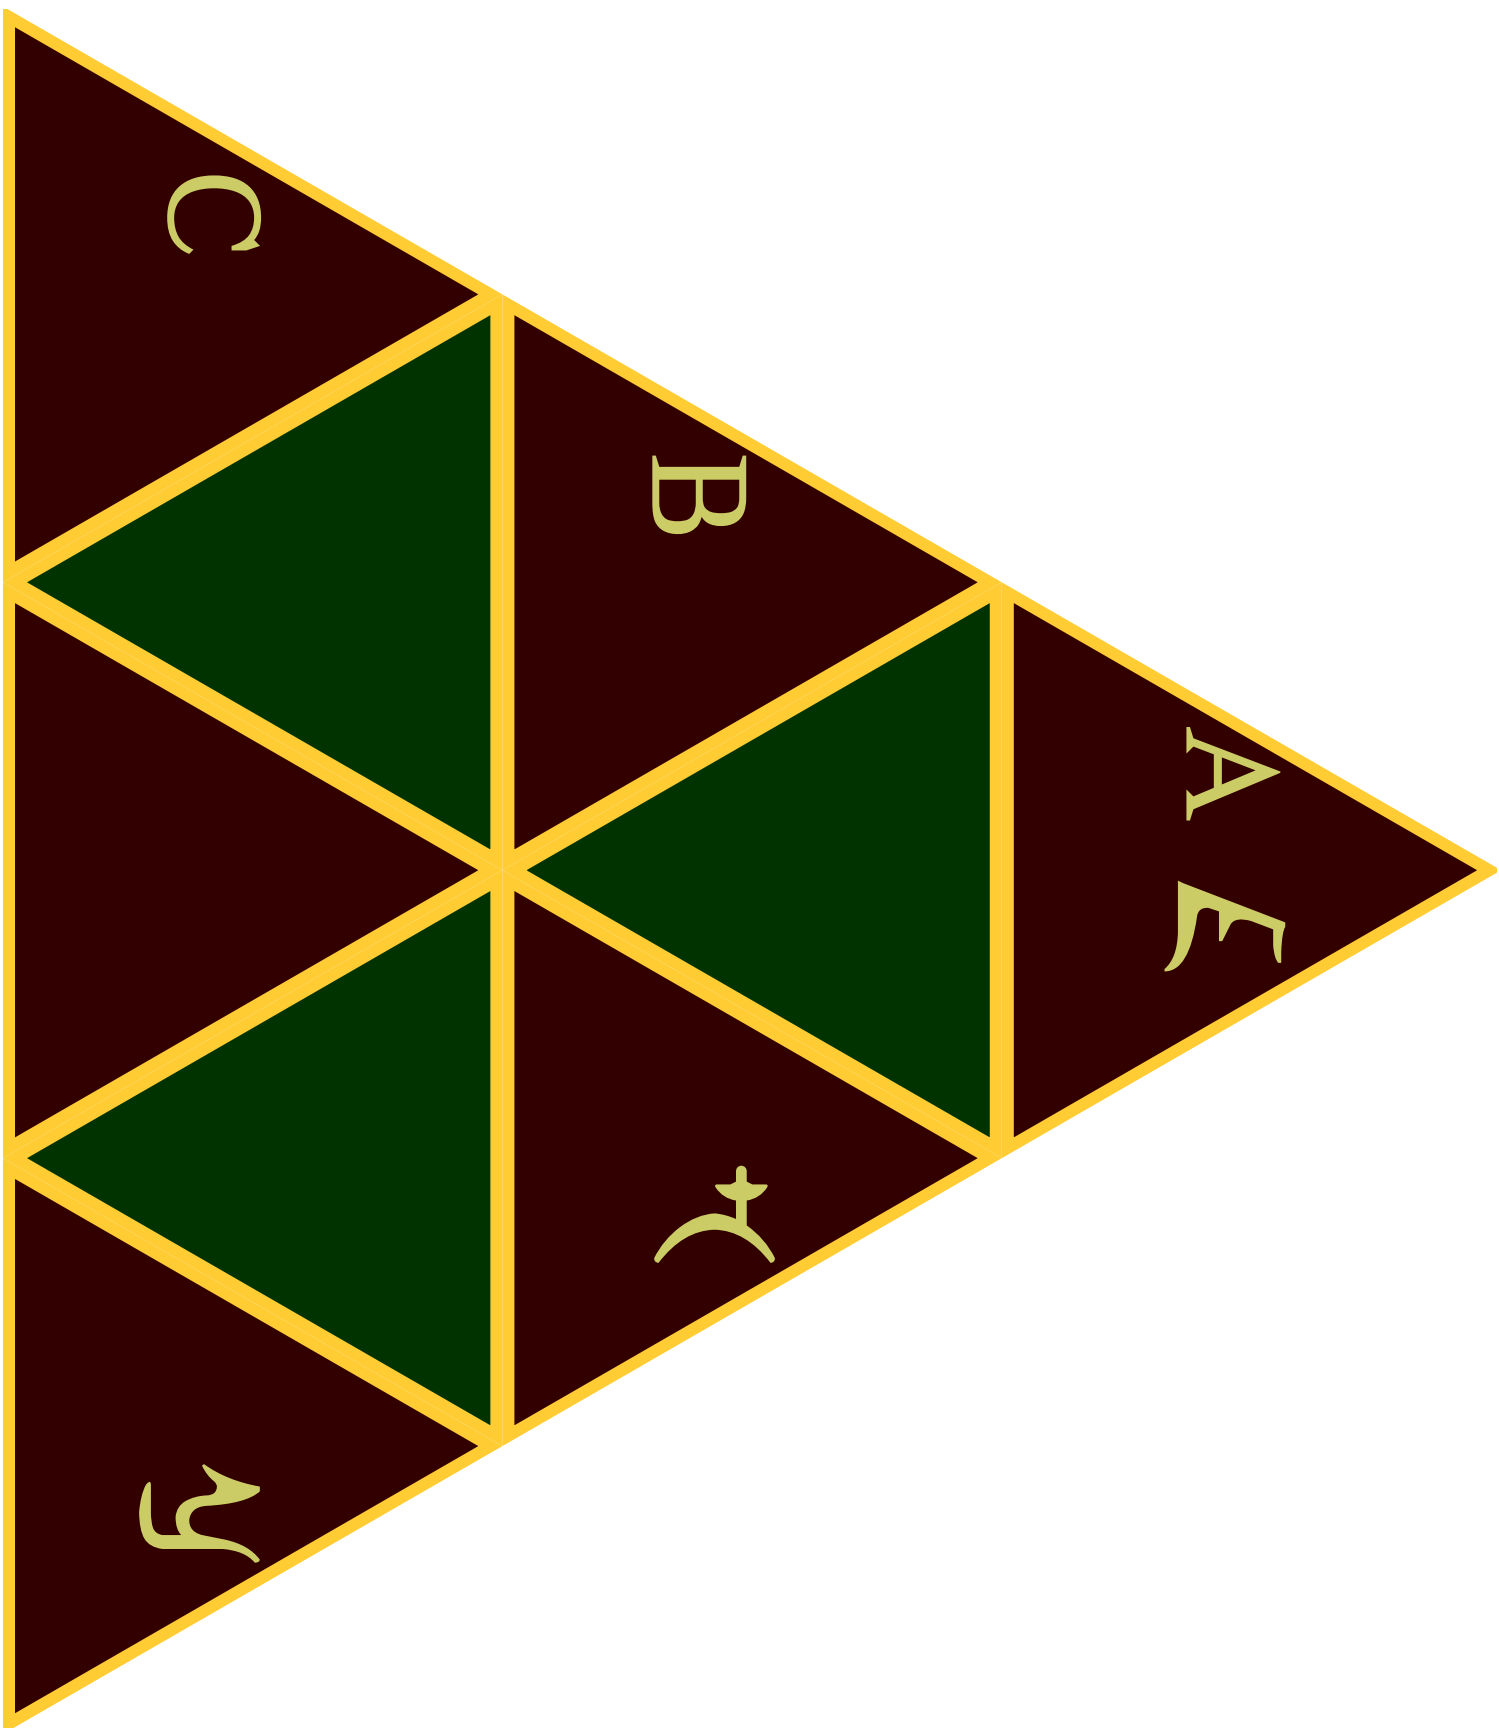

The pieces on the pages that follow are laid out as shown above to form a final board approximately 68 cm (27 inches) wide at the base (each triangle is approximately 7.5 cm (3 inches) wide). Triangles 3,6, and 8 are all identical and are presented here separately to simplify printing. Additionally, 1,2,4,5,7, and 9 are all identical except for the fact that these boards have labeling on them in the Latin alphabet (ABCDEFGHI123456789) and the pIqaD font (ⒺⓂⓃⓅⓆⓇⓈⓉⓀⓁⓂⓎⓏⓏⓏ).

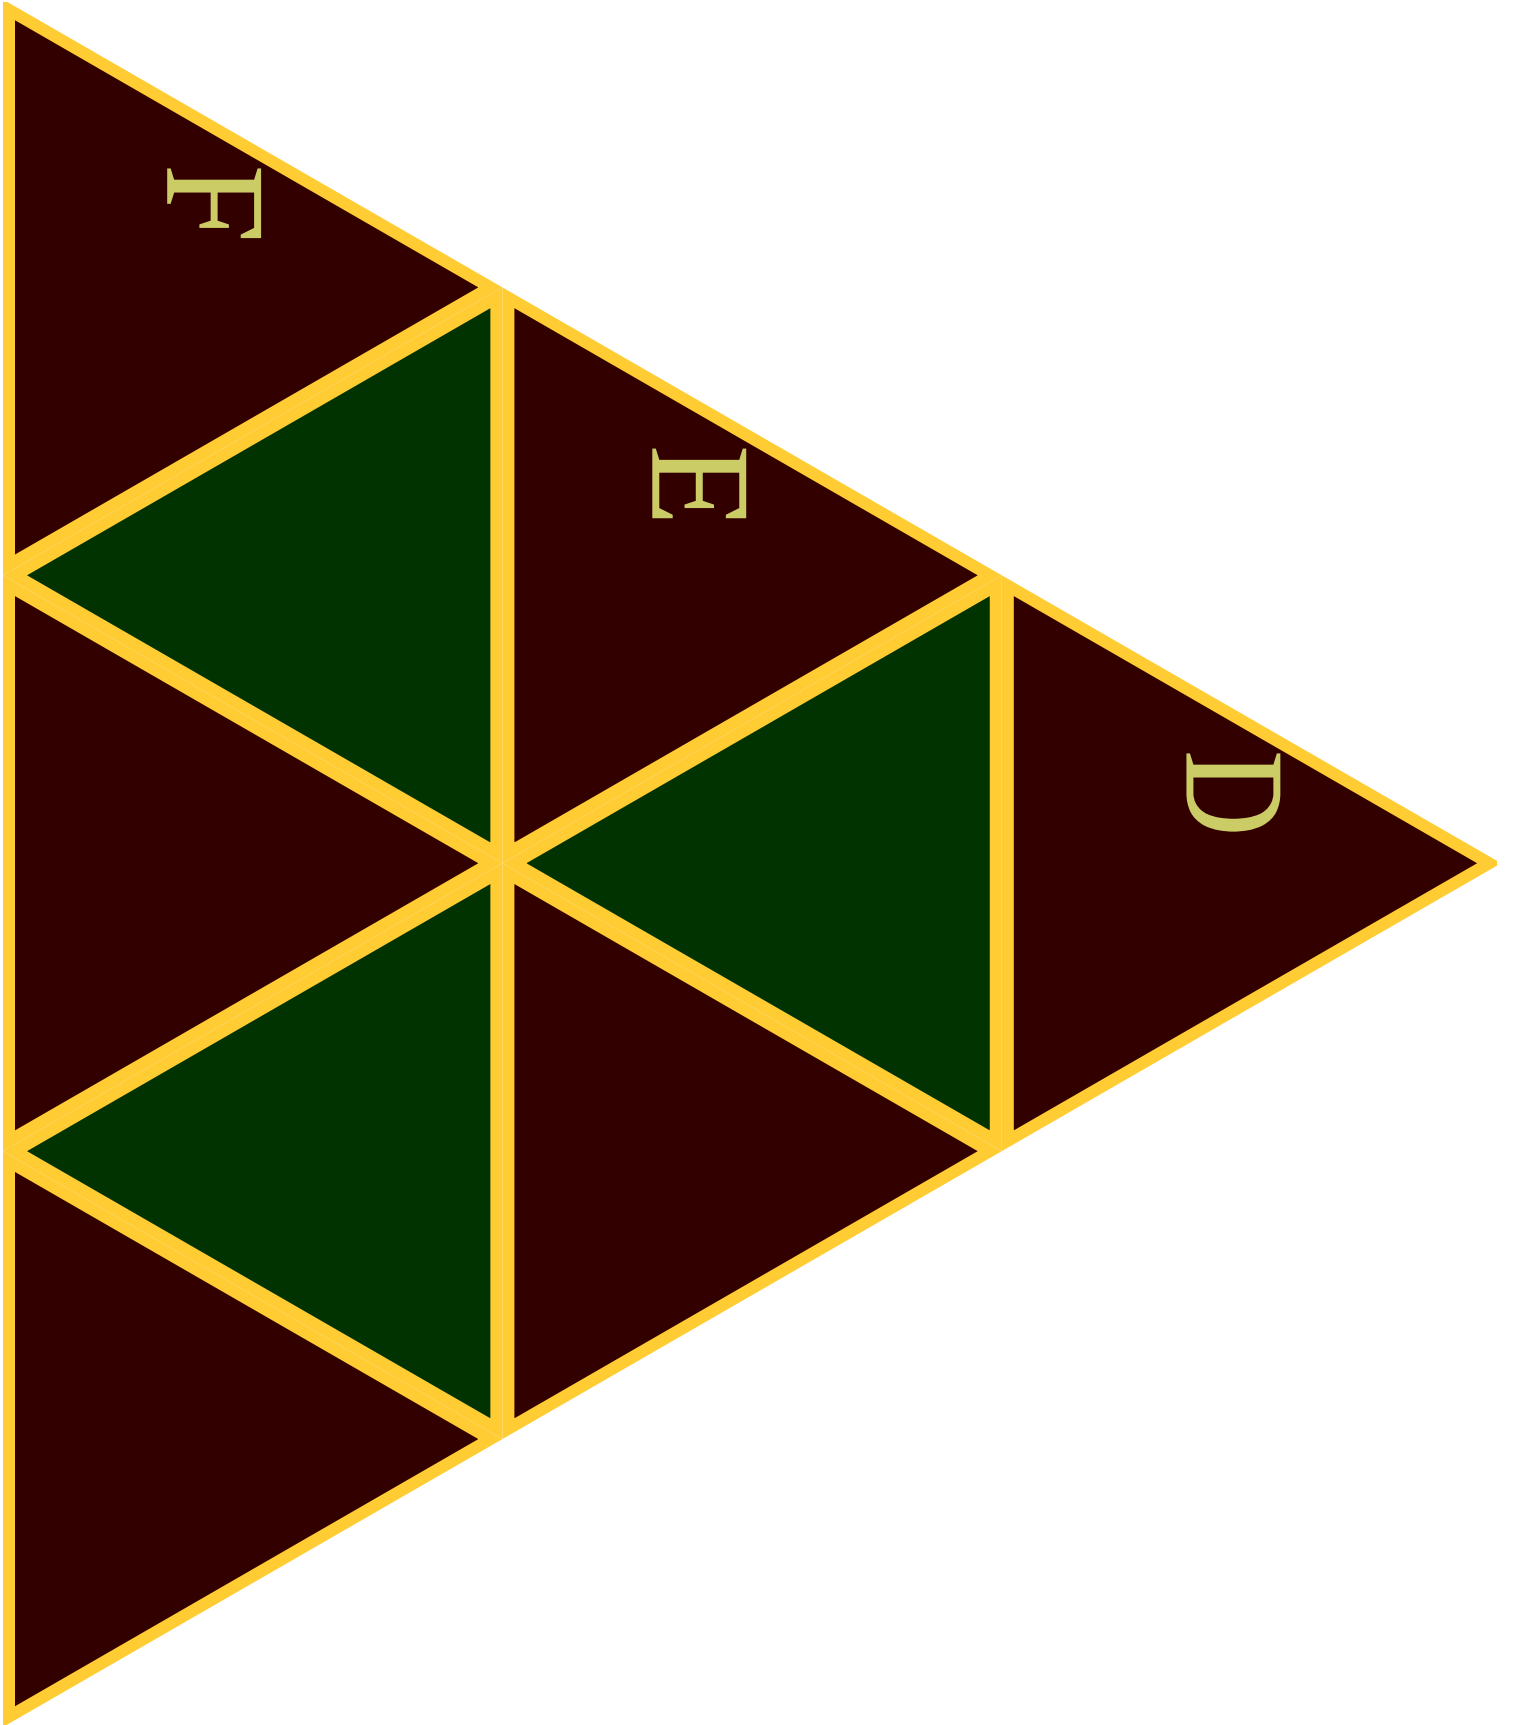

In an effort to accommodate as many people as possible, there are a few alternatives included in this pdf. If you want to create a board that matches the board on klinzha.com, print pages 2-19, cut out the points and glue them onto triangles made from stiffer material (wood, plastic, metal, etc). Or dry transfer them to a cloth board for a portable version.

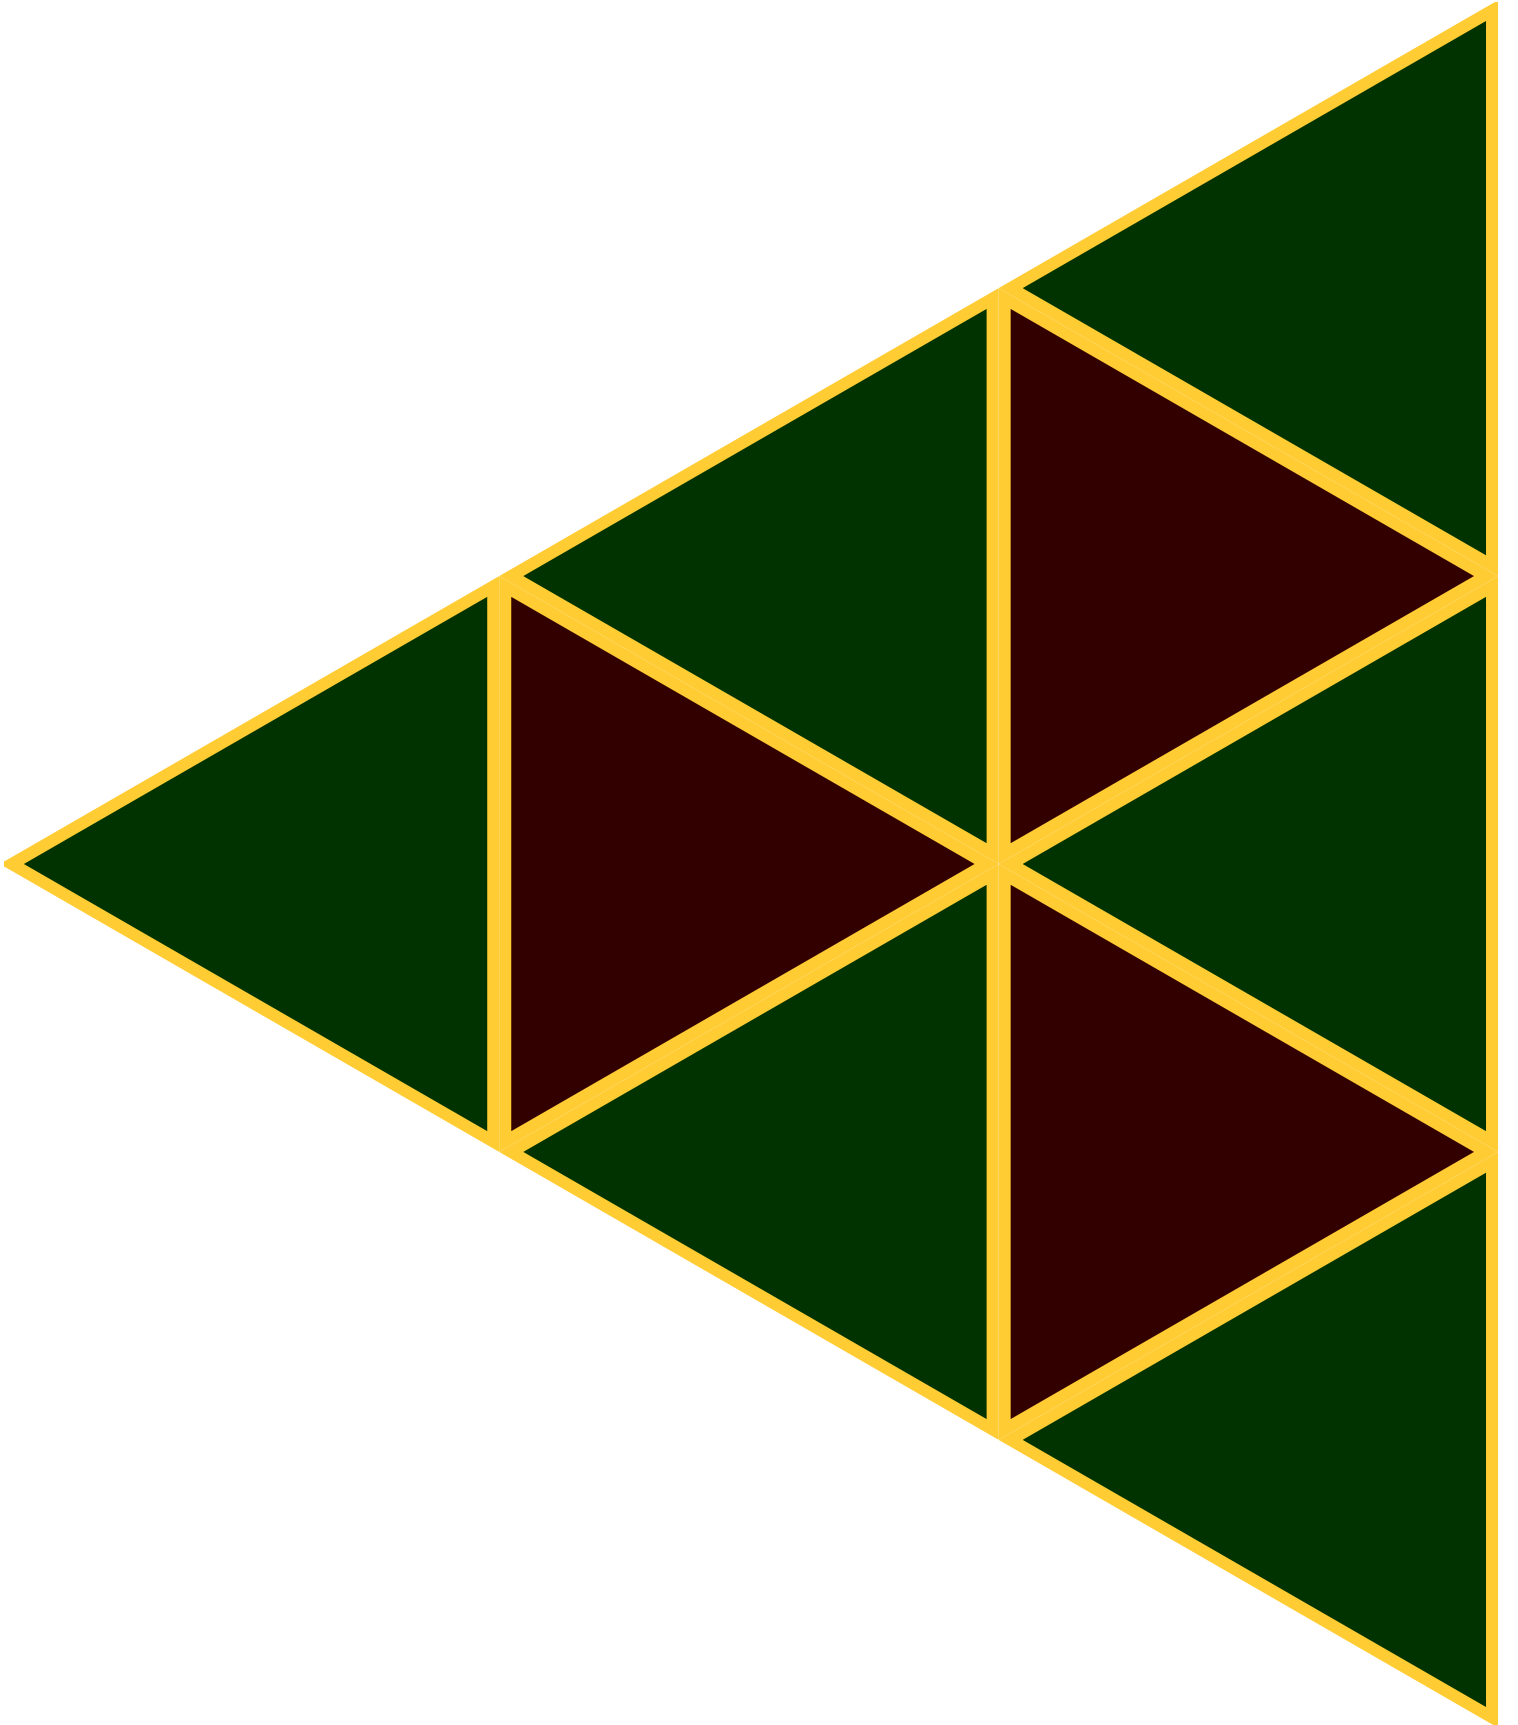

If you prefer the board unlabelled, print page 4 three times, page 20 six times, and pages 11-19.

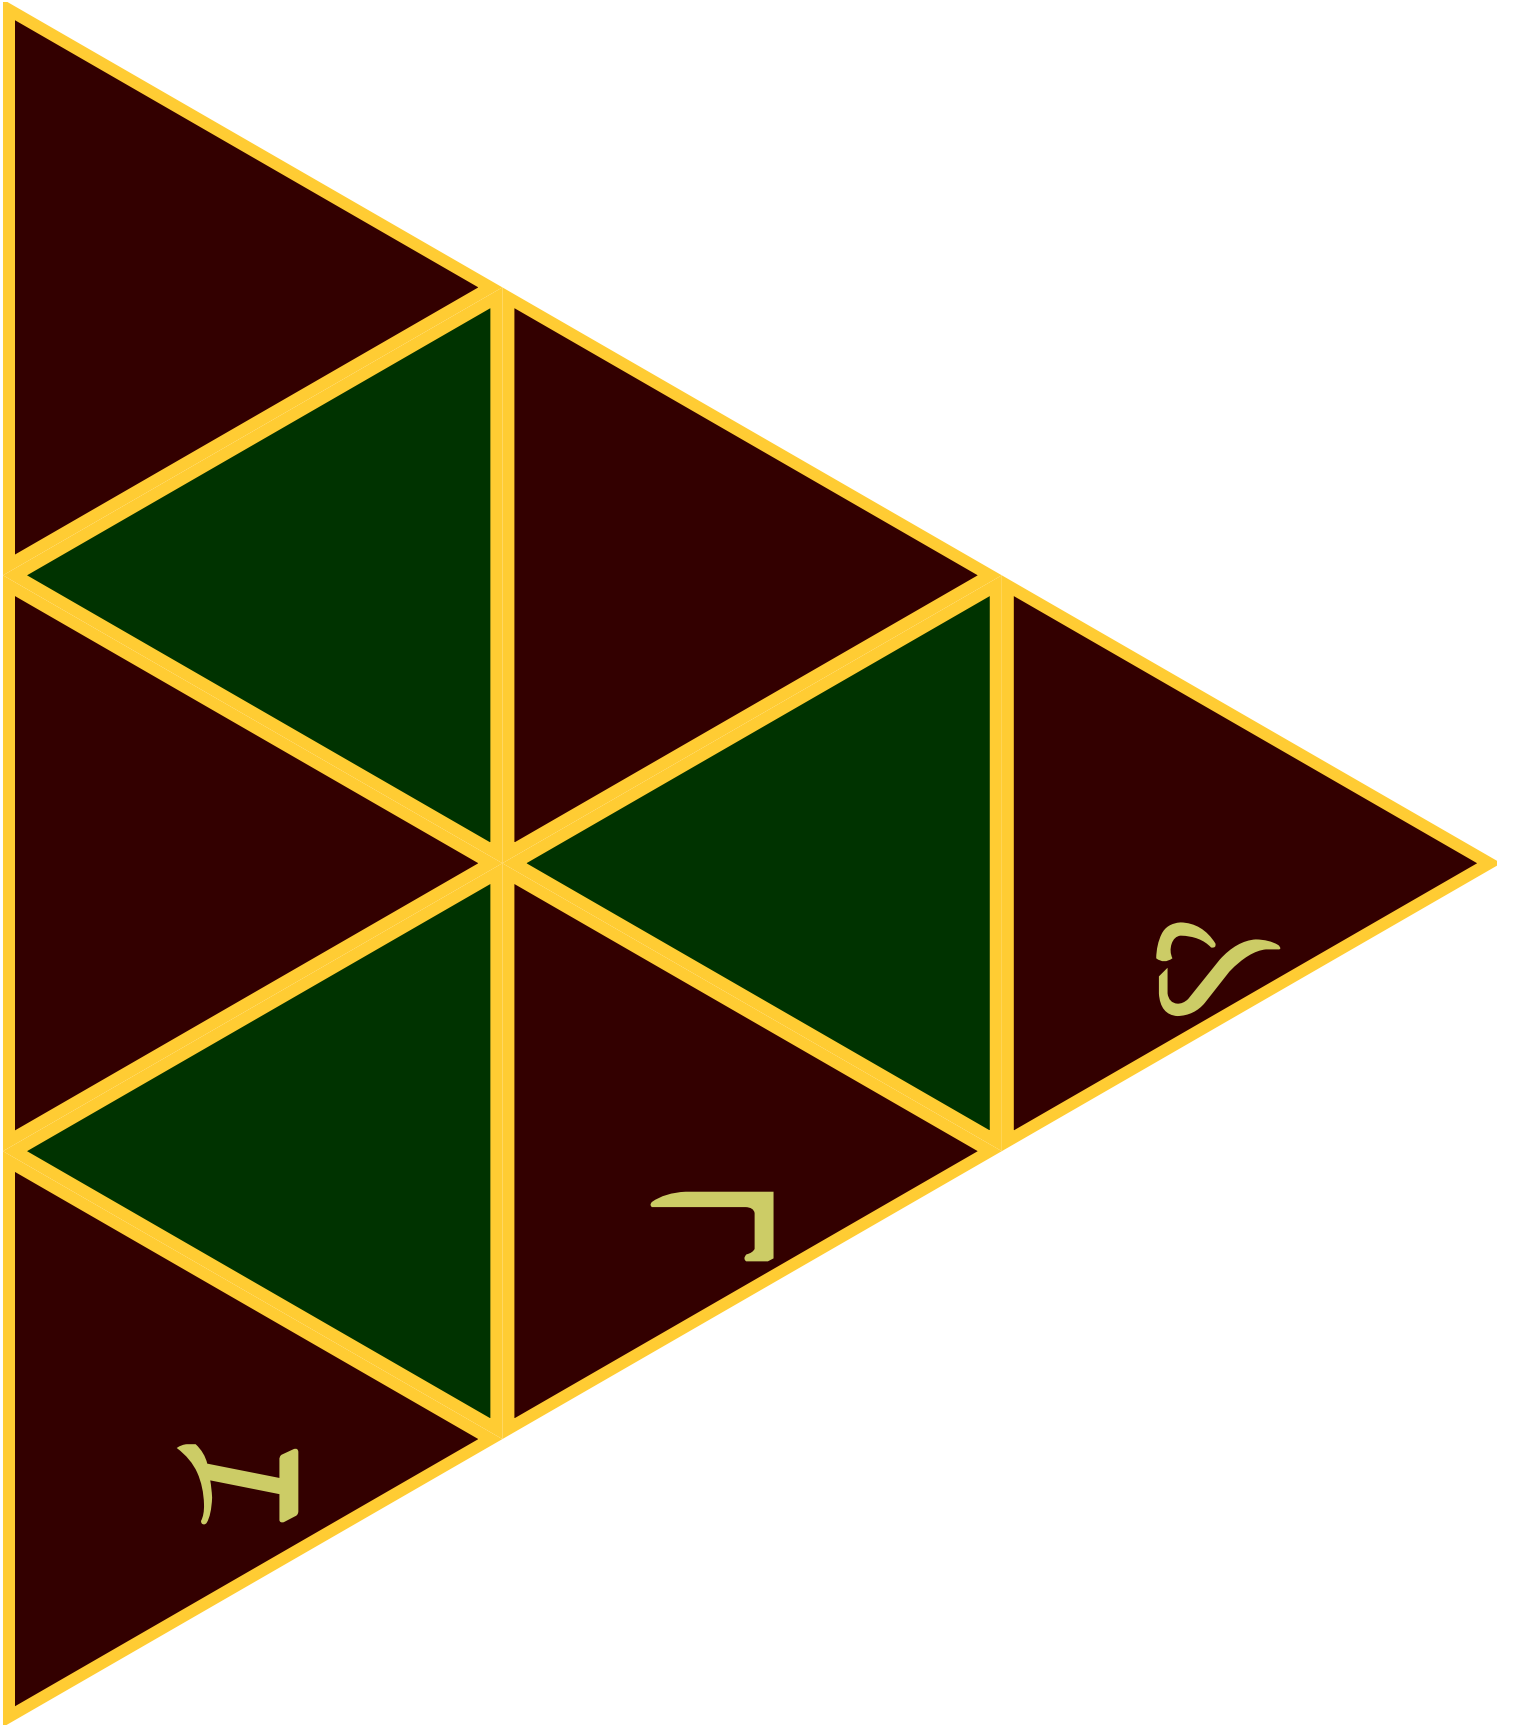

The pieces are provided in classic, authorized, and modern images, in red, gold, and green.

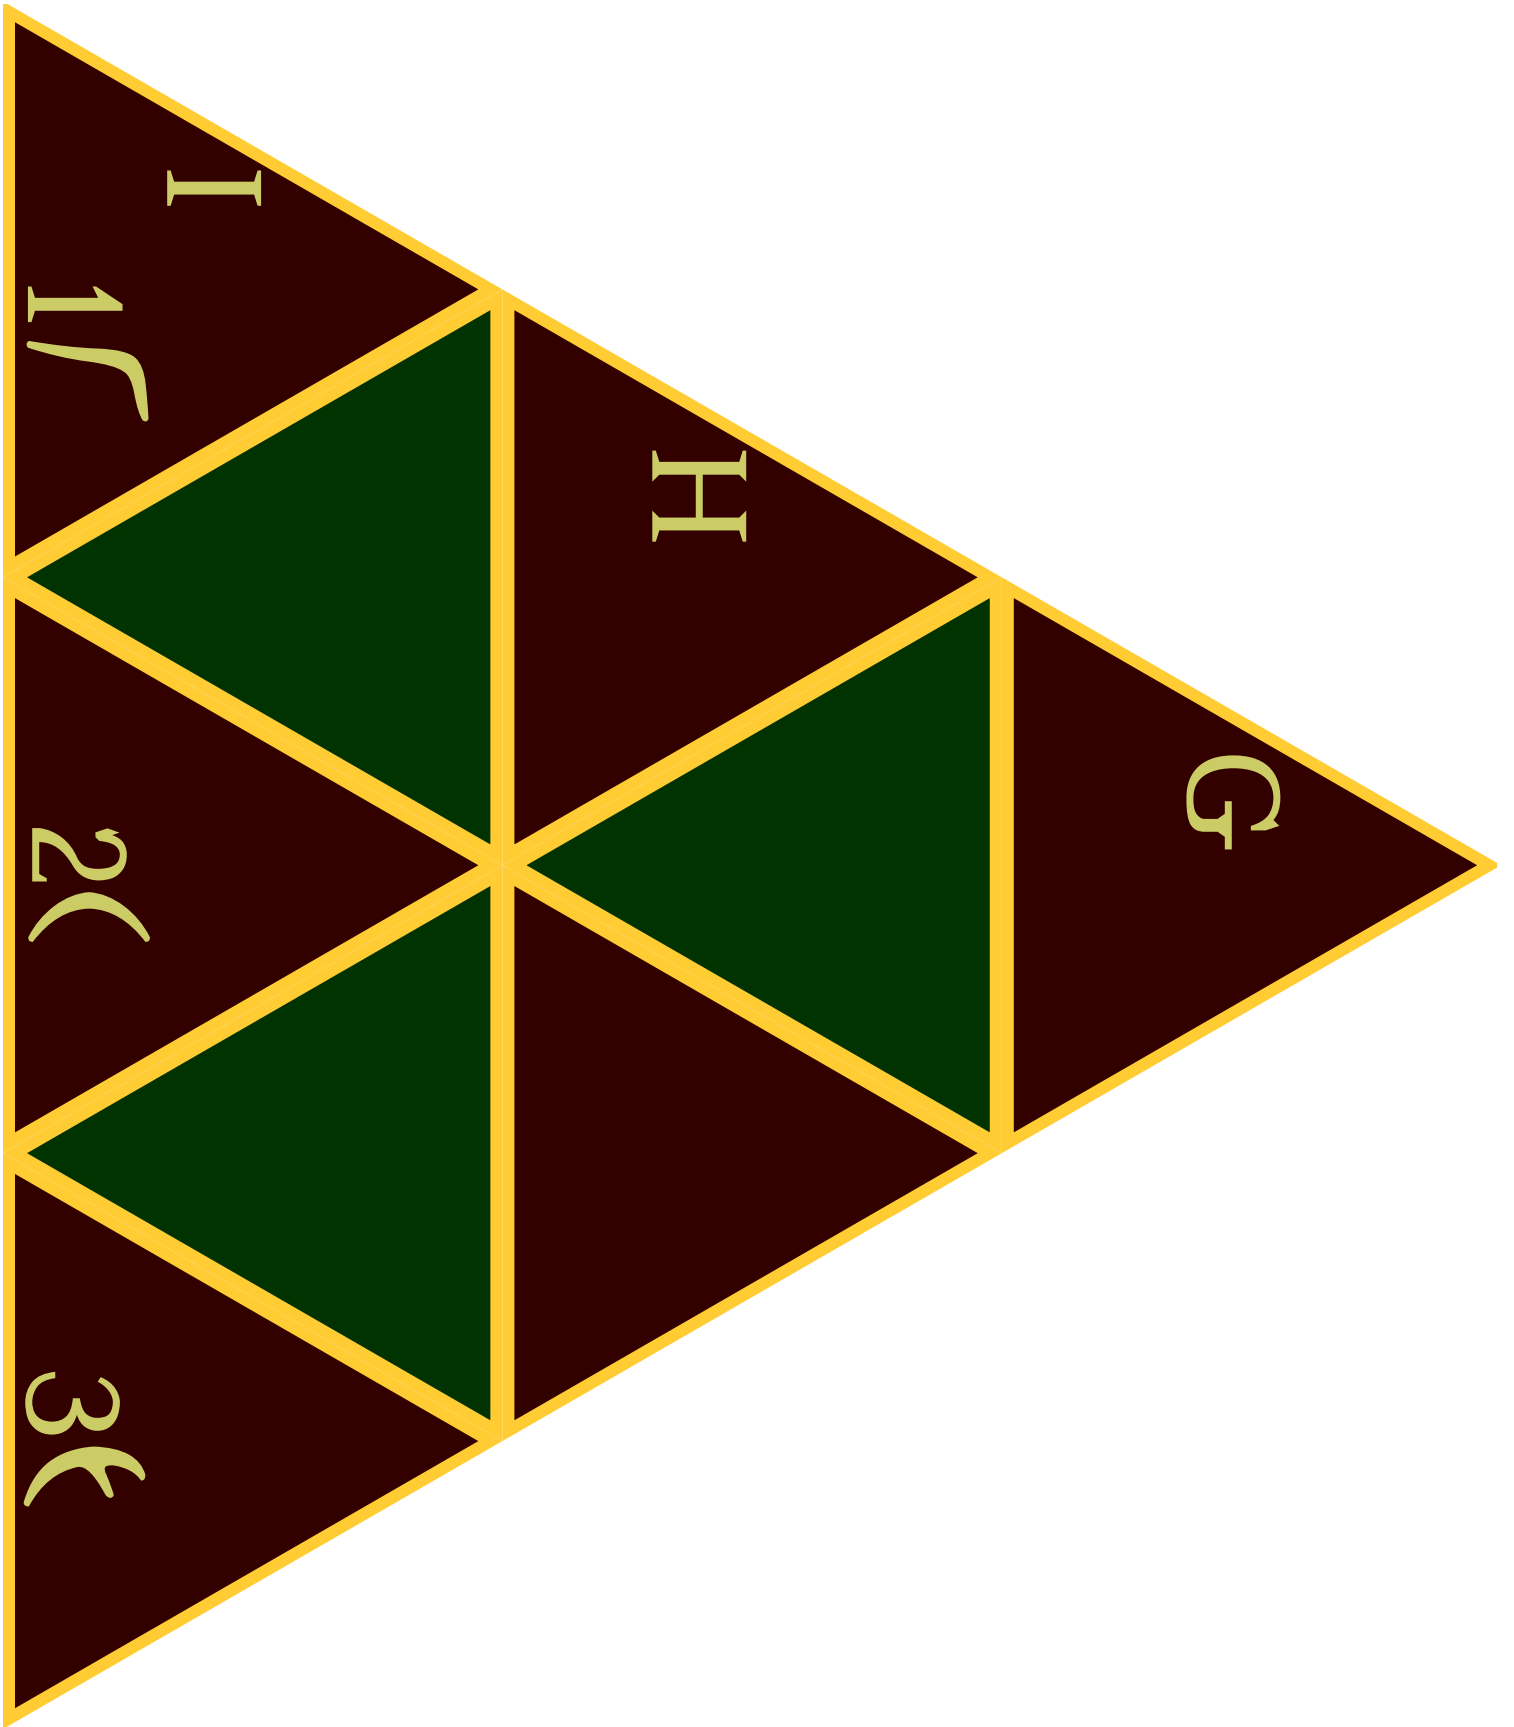

These images were created from the SVG files available from www.klinzha.com, and the numbers and letters added after the fact. Enjoy!
